

**Subjects in the Faculty of Agrotechnologies  
for Autumn semester**

<b>Chemical Analysis Study Programme</b>	
<b>Subject title</b>	<b>ECTS Credits</b>
Biochemistry	3
Microbiology	3
Physical Chemistry	6
Methods of Biochemical Analysis	6
Sample Preparation	3
Quality of Chemical Analysis	3
Professional English Language	3
<b>Food Technology Study Programme</b>	
<b>Subject title</b>	<b>ECTS Credits</b>
Bread Baking Technologies Professional Practice	20
Catering Enterprises Production Technologies Professional Practice	20
General Technological and Food Quality Professional Practice	10
Final Professional Practice	10
<b>Landscape Gardening And Design Study Programme</b>	
<b>Subject title</b>	<b>ECTS Credits</b>
Construction and Building of Small Architecture	10
Applied Dendrology	5
Herbaceous Ornamental Plants	5
Applied Horticulture	10
Professional English Language	5
Landscape Graphic (Drawings)	5
Landscape Architecture	10
<b>Veterinary Medicine Study Programme</b>	
<b>Subject title</b>	<b>ECTS Credits</b>
Animal anatomy	10
Epizootology	5
Obstetrics and Gynaecology	5
Surgery	10
Professional Practice on Animal Disease Therapy and Prevention	10
<b>Agribusiness Technologies</b>	
<b>Subject title</b>	<b>ECTS Credits</b>
