

The 3rd IT Comics Contest at VIKO Electronics and Informatics Faculty „(Mis)Conceptions or Reading In-between the Letters“

DESCRIPTION

The contest is held to celebrate the International English Language Day!

PARTICIPATION

All persons (students and teachers) are eligible to participate in this contest.

DEFINITION

A cartoon is a humorous drawing. This may be a caricature, a parody of a real situation, or simply a picture of a funny situation. The cartoon may consist of one image or take the form of a short comic strip. No moving images allowed.

THEME

Take a word or few from IT context and create a humorous situation which leads to misconception or misunderstanding: e.g., a cloud, a performance, a digit.

FOR MORE IDEAS CHECK THE WORD LIST BELOW

Cloud, digit, to run (a program), performance, library, thread (multi-thread), cell, conductor, stack (programmer), gates, chip(s), to save, to protect, flag, memory, address, bus, node, page, menu, map, coating, clock, etc.

ENTRIES

- Maximum 2-4 submissions/works per person, black and white or coloured.
- The cartoons must contain text regarding IT/computing science/electronics study field.
- Drawings should be made digitally with any computer program such as **Photoshop**, **CorelDRAW**, **Illustrator**.
- Language: English.
- Do not forget to write down your name, last name, study year, study programme and e-mail at the bottom or top of your digital drawing.

PARTICIPATION

The participant must send his/her cartoons to: o.gibaviciene@eif.viko.lt no later than **April 2, 2021**.

JURY

A jury will make a selection from the entries for the digital exhibition and will declare the prize winners.

1. Assoc. Prof. Loreta Savulionienė (The Vice-Dean of the Faculty of Electronics and Informatics).
2. Milda Kiškytė (The teacher of English Language).
3. Orūnė Gibavičienė (The teacher of Graphical Design).
4. Dalė Neverbickaitė (The Head of Academic Department).

5. Dainoras Žiukas, PI19D group (The students' representative, the last year's winner).

EVALUATION CRITERIA:

- Technical part (use of computer programs) (lect. O. Gibavičienė);
- Idea, if a cartoon meets the theme (lect. M. Kiškytė);
- Originality: the ability to think independently and creatively. Creativity: the quality of being novel or unusual (doc. L. Savulionienė, lect. D. Neverbickaitė, student D. Žiukas).

PRIZES

3 prize winners will be awarded with special prizes. The winner cartoon will be announced April 16th, 2021 via e-mail.

In addition, the exposition of all cartoons will be exhibited in the Faculty. The digital cartoon book will be published online.
