

### Entitlement

**Lithuanian Language and Culture, 5 ECTS**

### Prerequisites

B1 level of English language

### Main aim

The course is intended for beginners to start learning Lithuanian by gaining basic reading, listening, speaking and writing skills. Throughout and by the end of this course students are expected to be able to communicate in basic Lithuanian in everyday situations and get acquainted with Lithuanian culture, customs and traditions.

### Summary

The course intends to provide beginners with the basics of Lithuanian language which they will use in order to survive in everyday life situations in Lithuania: students will learn how to represent themselves (who they are, where do they come from, where are they living, studying etc.). Additionally, students will be able to describe their everyday life in Lithuania as well as tell a story about their family. Students will also know how to ask for a way (directions), how to express gratitude, how to purchase in the shop etc. Additional aim of the course is for students to get acquainted with Lithuanian history, culture, people, learn about folklore, customs, traditions and national holidays of Lithuania.
