

DESCRIPTION OF THE CANDIDATE'S ACADEMIC ACTIVITY

Name, surname:	
Digital identifier (ORCID) or link to researcher's profile :	
Faculty where you apply to teach: The exact title of the position you are applying for (from the competition announcement):	
The exact title of the position you are applying for (from the competition announcement):	
Pedagogical work experience in higher education (number of years):	
Experience of practical work in the subject(s) applied for teaching (number of years):	
Completion date of the Description of academic activity:	

EXECUTION OF R&D AND ART ACTIVITIES, PUBLICATION AND DISSEMINATION OF THE RESULTS OF THE ACTIVITIES

it is mandatory to fill in for **candidates** for the positions of associate professors, assistants

Main fields of your research:

List of all scientific and other academic publications (generated from the eLABa information system):

The most important scientific achievements, their popularity and impact:

Most important scientific publications indicating your contribution in their preparation:

Existing patents and/or patent applications:

International cooperation experience (participation in international scientific projects, joint articles, etc.):

Membership in professional organizations or associations, participation in their governance (specify the organization, role in its activities):

List of research competence development events attended in the last 5 years:

List of completed/ongoing scientific projects (including project title (if any), number, funding institution/programme, duration, role/position in the project) :

Management of commissioned scientific research/projects:

Management of research groups:

Management of student scientific practices, research projects:

Presentations at conferences, other scientific events:

Participation in expert working groups, preparation of recommendations for public and/or private sector:

Participation in thematic research networks:

Work in editorial boards of academic journals:

Peer-review of academic publications:

Other related activities (academic or professional awards, other academic recognition, etc.):

ART ACTIVITY

mandatory to fill in **for candidates** for the positions of associate professors, assistants in the field of Arts

International level works and events:

National level works and events:

Local level works and events:

List of all scientific and art publications (can be generated from the eLABa information system):

The five most important artistic achievements, their visibility and impact:

Experience of international collaboration (participation in international scientific art projects, joint works, etc.):

Membership in professional organizations or associations, participation in their governance (specify the organization, role in its activities) :

Other related activities (academic or professional awards, other academic recognition, etc.):

WORK WITH STUDENTS

Reflection on working with students in response to orientation questions:

- What teaching objectives do you set for yourself and what student skills do you develop?
- What studies' and assessment methods do you apply?
- What measures did you use to ensure the unity of science and studies?
- How do you assess the effectiveness of the applied study and evaluation methods?
- What are your strengths as a teacher?

Participation in the work of the committees of study programmes/study fields:

List of subject-specific, teaching/learning activities, general competencies' improvement activities you participated in the past 5 years:

Prepared study material (e-learning courses in virtual learning environment, methodological tools, etc.):

Teaching experience of the subject applied for teaching, specify institutions, year, language of teaching:

Other information certifying teaching practice:

OTHER ACADEMIC AND SOCIAL ACTIVITIES

Work in higher education management and self-government bodies, committees, commissions or working groups:

Public education, science and art dissemination activities :

Other important information in your opinion:

ACTIVITY PLAN FOR THE NEXT 5 YEARS

A description of up to 1 page (750 words) in length, which briefly presents the plan of scientific, artistic and/or pedagogical activities, emphasizing the links between the activities and the Kolegija strategic goals:

Orientation questions:

- What scientific/artistic results do you promise to achieve? (mandatory for **candidates** for the positions of associate professor, assistant)
- What goals do you set for yourself in the field of working with students?
- What goals do you set for yourself in the area of competence enhancement?

I confirm that the information provided is true, accurate and complete:
